

sistema® Hangsell Product 2016

At Sistema we recognise that many of our products are suitable for sale in many parts of your store. Because of this we have converted the packaging of many of our products for suitability on the shelf, hangsell bars and hangsell clip strips to facilitate promotional activities and sale opportunities.

This is an extremely fast growing and important category that we will continue to innovate and grow.

Hangsells create impulse purchase opportunities along with cross selling opportunities. Your customers are encouraged to select products because they are placed in the line of vision and are easy to pick. Make use of your shelf ends and checkout points to create that impulse buy.

But our dream has not finished as we continue to innovate and design an ever increasing range of products manufactured to suit our customer's ever changing requirements. Check out our range and be assured that every container that leaves our state of the art factory in New Zealand is made using virgin material that is both BPA and Phthalate free.
