

sistema®  
STORAGE

The Sistema® Storage range features sizes from 175ml to 90L. Whether it's the garage, laundry, bedroom or bathroom, there is a size and shape container for all your storage needs.

Our range of storage accessories allow you to customise your storage containers; smaller items can be organised easily with our insert trays and tubs, wheels can be added to the larger containers and organiser labels help archive your items.

Sistema® Storage containers are robust and have been designed and built to withstand the hard knocks of storage. They easily stack and store with the unique cubing system, minimising your storage footprint and the clips are hinged from either end for quick access without removing the lid.

Designed and Made in New Zealand by Sistema®. Quality is our reputation and home storage is no exception; all containers are BPA and Phthalate free and safe for the whole family.

# Contacts

Millions of customers in over 100 countries around the world use Sistema® products to help make their life a little easier. From drink bottles to lunch boxes, microwave mugs to kitchen storage containers; everywhere Sistema® products are used people find a purpose that suits their lifestyle.

Sistema® was built on one man's dream in his garage in a small town in New Zealand. That dream has now grown to include a team that spans the world. The vision to manufacture a beautifully designed, well made container in New Zealand and ship it to customers around the world has been realised.

But our dream has not finished as we continue to innovate and design an ever increasing range of products manufactured to suit our customer's ever changing requirements. Check out our range and be assured that every container that leaves our state of the art factory in New Zealand is made using virgin material that is both BPA and Phthalate free.
